- » **DIMENSIONS** – Measures 19cm x 19cm x 30cm
- » **PATENTED DESIGN** – Unique design for optimal functionality

The **Arsenal 5528 Topped Parts Pouch - Canvas** is engineered to meet the demands of workers who require both safety and efficiency in their daily tasks. Constructed from durable 20oz water-resistant canvas, the Arsenal 5528 is designed to withstand the toughest working conditions. One of the standout features of this parts pouch is its hands-free, self-closing trap door closure. This innovative design prevents small parts, hardware, and tools from falling out, providing an extra layer of safety and security. This feature is especially crucial when working at heights, where dropping tools and parts can pose significant risks. Another innovative feature is the patented nickel-plated storm drain, which effectively prevents water from accumulating inside the pouch. The Arsenal 5528 Topped Parts Pouch is a top-tier choice for professionals who require a reliable, durable, and secure parts pouch. Its combination of innovative design, robust construction, and practical features make it an essential tool for any worker committed to safety and efficiency.
