Cap - Performance Knit

- » **PERFORMANCE KNIT FABRIC** – Soft, durable, stretchable fabric for comfort
- » **ONE SIZE FITS MOST** – Elastic band fits snug and comfortable to head
- » **INSTANT COOLING RELIEF** – When wet, cooling is immediate and can last for hours
- » **MOISTURE-WICKING** – When dry, will absorb sweat and wick moisture away
- » **SUN PROTECTION** – UPF 50+ protection from harmful UV rays
- » **ANTI-ODOR TREATMENT** – For long-lasting freshness
- » **REFLECTIVE ACCENT** – Offers visibility in low-light situations
- » **LOW-PROFILE** – Can be worn by itself or under a hard hat
- » **MACHINE WASHABLE**

The **Chill-Its 6632 Cooling Skull Cap** is a low-profile cap that wicks away moisture when worn dry and provides evaporative cooling relief when worn wet. Designed with stretchy performance knit fabric to provide UPF 50+ sun protection against harmful UV rays. An elastic band lines the interior for a snug and comfortable fit.

**HOURS OF COOLING**

**WATER ACTIVATED**

**SUN PROTECTION**

**CLEAN/REUSE**
Machine Wash

LOW-PROFILE DESIGN

Reflective accents offers visibility in low-light situations

Fits comfortably under any hat, hard hat or helmet

HOURS OF EVAPORATIVE COOLING

When wet, cooling is immediate and last for hours

PERFORMANCE KNIT FABRIC

Anti-odor treatment for long-lasting freshness

Soft, durable, stretchable fabric with elastic band fits snug and comfortably

SUN PROTECTION

UPF 50+ Protection from harmful UV rays

Just soak in water until saturated, then wring out excess water – the evaporative cooling process begins instantly and lasts for hours. If wearing dry, the moisture-wicking fabric draws perspiration away to help keep you dry. Anti-Odor treatment keeps this cooling headwear fresh, while reflective accents ensure workers are seen in low-light conditions.

The low-profile design fits comfortably under a hard hat or helmet and is great for construction workers, landscaping, roofing, or anybody working in the heat. It can also be used to reduce the risk of heat stress while mountain biking, motorcycling, gardening, hiking, playing sports and more.
