The **N-Ferno 6804 Skull Cap Winter Hat with LED Lights** is a premium compression knit beanie hat with four built-in dual-action LED lights, making it an ideal hands-free lighting solution for any cold weather situation.

Simply click the button on the front of the skull cap hat to switch between two light settings—angled lights for close-up tasks and out lights for distance viewing up to 22 metres. With a 48-lumen output, this LED beanie is powerful yet low-profile enough for everyday wear. With up to 68-hours of runtime for each battery change, you'll always have visibility when you need it most.
