

ERGONOMICS

Protection where you need it!

ProFlex® 230LTR Leather Knee Pads – Wide Soft Cap

- » **PROTECTS AGAINST WELDING SPARKS & SLAG** – Genuine leather cap is resistant to heat, puncture and abrasion for long-lasting use on the toughest worksites
- » **ALL-DAY COMFORT** – NBR foam padding cushions knees and keeps its shape through repetitive use on rough surfaces
- » **WIDER AND LONGER** – For extended coverage and protection
- » **SLIP-RESISTANT** – For secure grip on a variety of surfaces
- » **NON-MARRING** – Will not scratch or mark surfaces
- » **STAYS IN PLACE** – Durable locking buckles securely clip to prevent knee pads from sliding around
- » **ANTI-ODOR TREATMENT** – Applied to liner to keep pads fresh
- » **ADJUSTABLE** – Elastic top strap and webbed bottom strap easily adjust for custom fit

The **Ergodyne ProFlex 230LTR Leather Knee Pads** feature a genuine leather knee cap for protection against welding sparks, slag and heat. The soft cap is also resistant to punctures and abrasions for long-lasting use on tough surfaces, with a wider and longer design for extended coverage and protection. For all-day comfort and support, these pads are cushioned with NBR foam padding that cushions knees while keeping its shape. An anti-odor treatment is applied to the liner to keep pads smelling and feeling fresh.

The slip-resistant soft leather cap securely grips floors without scratching or marking. Built to hold up to repetitive use on the toughest worksites, the durable locking buckles securely latch to keep these knee pads comfortably in place. Elastic and webbed leg straps easily adjust for a custom fit on a variety of leg sizes.

Ideal for work in environments where welding sparks, slag and fire are a risk, such as welding and electrical. A great general purpose knee pad, they also work well for construction, HVAC, flooring, landscaping and more.

SLIP-RESISTANT NON-MARRING LEATHER CAP

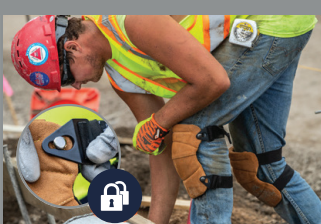

Wider for enhanced coverage and protection
Smooth soft leather grips and stabilises without damaging surfaces

BOUNCE BACK FOAM PADDING

NBR foam cushions knees and holds its shape for all-day comfort

HEAVY-DUTY INJECTED GEL

Gel and EVA foam cushions and supports without compromising mobility

PROTECT AGAINST SPARKS, SLAG, FIRE & MORE

Best for welding, electrical and other rough environments
