Protection where you need it!

ProFlex® 450 Comfort Hinge Gel Knee Pads – Long Soft Cap

- » **MOVES WITH YOU** – Comfort Hinge™ design matches your movement for enhanced comfort, fit and stability
- » **BUILT TO LAST** – 1680D ballistic nylon shell, 420D abrasion-resistant nylon-rubber cap and durable straps for long-lasting use on tough worksites
- » **ALL-DAY GEL COMFORT** – Lightweight but supportive gel foam and EVA foam cushions knees on rough surfaces
- » **SLIP-RESISTANT SOFT CAP** – Large slip-resistant soft rubber cap securely grips floors
- » **NON-MARRING** – Will not scratch or mark surfaces
- » **ADJUSTABLE** – Thick elastic straps easily adjust for custom fit
- » **TRUSTED BY THE EXPERTS** – Designed and tested to be used by airline baggage handlers, some of the industry's most demanding knee pad users

The **Ergodyne ProFlex 450 Comfort Hinge Gel Knee Pads** improve upon our best-selling 350 Knee Pad design by adding an innovative hinged technology that enhances comfort, fit and stability. The hinge enables the knee pad to easily bend and straighten along with the leg's natural movements. Combined with locking-buckle and hook & loop elastic straps that sit higher and lower on the leg, these soft shell knee pads are specifically engineered to stay in place when walking, crawling or kneeling. For all-day comfort and support, these pads are cushioned with lightweight gel foam and EVA foam. The extended height of the Comfort Hinge pad also adds another layer of protection against impacts to the thigh. The slip- and abrasion-resistant 420D nylon-rubber soft cap offers tremendous grip without scratching or marking delicate surfaces. For long-lasting use on the toughest worksites, these pads are made with a 1680D ballistic nylon shell plus a durable locking buckle and large hook & loop strap that securely attaches to keep knee pads comfortably in place. Wide elastic straps easily adjust for a custom fit on a variety of leg sizes.

GRIP & PROTECTION

Best for grip and protection on smooth delicate surfaces

ULTRA-PLUSH LIGHTWEIGHT GEL FOAM

Gel plush EVA foam cushions, supports and bounces back for long lasting use

STAYS IN PLACE
