- » **ONE SIZE FITS MOST** – 56-64cm
- » **MACHINE WASHABLE** – Remove bump cap insert before washing

The **Ergodyne Skullerz 8950 Bump Cap Hat** is a comfortable and stylish hat with an impact-resistant shell for protection against bumps, scrapes, bruises and other minor head injuries.

The removable bump cap insert features a flanged design and foam cushioning liner for comfort and breathability. The nylon hat features reflective piping keeps workers safe and seen in low light situations.

This safety bump cap meets the EN 812-2012 standard for industrial bump caps. Not bulky like a hard hat, bump caps are typically worn in spaces where worker-generated impact head protection is needed, like low ceilings, beams, low pipes and other bump hazards. They are ideal for mechanics and airline baggage handlers, as well as workers in factories, in-home services and other industries that do not require safety hard hat protection but work in areas with low beams, pipes, passageways or other low hanging obstructions.

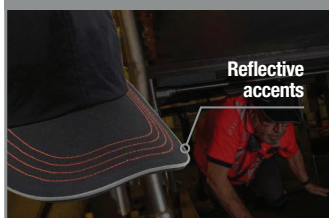

DURABLE SHELL INSERT

Impact-resistant ABS plastic with comfortable foam lining

REFLECTIVE ACCENTS

Keeps wearers safe and seen

Reflective accents

LOW-PROFILE HEAD PROTECTION

Guards against bumps, scrapes and bruises when working in cramped spaces

BREATHABLE

Flanged design maximises airflow
