

TOOL TETHERING + LANYARDS

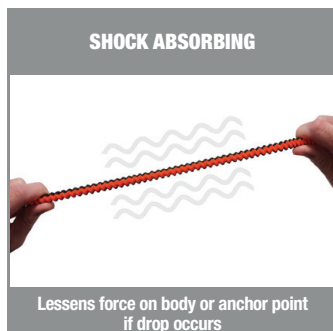

Drop Free Zone

Squids 3100F(x) Tool Lanyard Single Carabiner

- » **MEETS ANSI/ISEA 121-2018** – Approved to the ANSI/ISEA 121-2018 standard and third party certified to a 4.5kg maximum capacity with 2:1 safety factor
- » **MADE FOR HEAVY TOOLS** – Shock absorbing properties reduce the dynamic force on the body or other anchor point if drop occurs
- » **HEAVY-DUTY & DURABLE** – 1680D polyester elastic blended webbing extends from 96-122cm
- » **EASY TO USE** – Lightweight design reduces snag hazards and added weight and anodized aluminium alloy carabiner with captive eye
- » **TREADED LOOP END** – Treaded loop end that securely grips the tool when attached
- » **HIGH STRENGTH** – 3-ply nylon stitching secures connecting ends
- » **SINGLE LENGTH CONSTRUCTION** – Eliminates weak points seen with multi-component lanyards

The **Squids 3100F(x) Tool Lanyard Single Carabiner** is a shock absorbing tool lanyard with carabiner on one end and loop on the other end. Designed and tested to prevent falling objects and reduce the force your body sees if a drop occurs by absorbing the energy transmitted through the tool lanyard. By reducing the shock load this design prevents the tool from pulling the user down with it protecting those above as well as those below.

TESTED TO BE TRUSTED

All lanyards are rigorously tested and third party certified to a 4.5kg maximum capacity with a 2:1 safety factor to prevent falling objects. When working at heights, choosing the best tool tethering equipment matters because there are no second chances.
