- » **REINFORCED STITCHING** – Heavy gauge nylon stitching ensures durability and longevity
- » **ADJUSTABLE FIT** – Fits up to 1L bottles
- » **SAFE CAPACITY** – Third-party certified to hold up to 0.9kg
- » **WIDE COMPATIBILITY** – Fits standard water bottles, spray paint cans, WD40 canisters, and more

The **Squids 3775 Can/Bottle Holder + Trap** provides a secure and convenient way to carry and tether water bottles, spray bottles, aerosol cans, and similar-sized canisters to prevent dropped objects while working at heights or in any elevated environment.

A zinc-plated D-ring on the back allows for easy attachment of a tool lanyard, ensuring that your equipment remains safely tethered. For hands-free convenience, a stainless steel belt clip securely fastens to tool belts or fall protection harnesses, keeping your essential tools within easy reach.

Crafted from abrasion-resistant neoprene, the holder stretches to accommodate 1L containers, including standard plastic water bottles, or even a can of WD40. An adjustable webbing strap with a buckle closure system securely holds bottles and cans in place, providing peace of mind during use. Heavy-gauge nylon stitching reinforces the holder, ensuring it withstands rigorous use and environments.

TETHER BOTTLES & CANNISTERS AT HEIGHTS
